Education

Massachusetts Institute of Technology, Cambridge, MA **Expected Graduation June 2029**
Candidate for B.S. in Architecture and Material Science and Engineering **GPA: 5.0**
Coursework: Architecture Studio, Thermodynamics for Materials, Computational Design, Environmental Tech in Buildings, Structures of Materials.
Skills: ArcGIS, Rhino, Parametric Design; Figma, PS, AI, etc.; Java, Python, HTML, CSS; English, Chinese.
Awards: **Scholastic Art Award National Gold Medal**, **Best-In-Grade Award**; AIME qualifier with distinction.

Brooks School, North Andover, MA **Sep 2022 – Jun 2025**
GPA 4.0 Unweighted; Summa Cum Laude Society Inductee; SAT 1560.
Awards: The William R. Ferris JR. Prize; Robert Lehman Art Prize; School Physics Prize; School Math Prize; AP scholar with distinction x2.

Experience and Volunteering

Admir Masic Lab, MIT, Cambridge **June 26 – Present**
Research in thermal conductive and electrical energy storage concrete.

- Design and Analyze functionality of larger scale thermal conductive concrete in a road surface setting.
- Manufacture and deployed on MIT campus 2 benches that store solar energy into conductive concrete and capable of charging phones and heating up the sitting area during cold environments.

MIT Self-Assembly Lab, Cambridge **Dec 2025 - May 26**
Developed submersible, geometry-driven reef structures that harnesses natural currents and sand for the restoration of coastlines and forming new islands.

- Designed a concrete self-interlocking structure to enable self-assembling reefs.
- Discovered a 4-way locking system that is made into full size prototype.
- Full-Size Product deployed in the Maldives.
- Conducted experiments on the make-up of materials to construct the structure and its functionality and collect data.

LinkChance Architect Summer Intern, Beijing **Jun - Aug 2024**

- Proposed designs accepted for a nationally renowned museum's restaurant.
- Designed lamps and ceiling lights to be sold in market.
- Created proposals and designs for LinkChance Headquarters remodel.

Brooks School Arts Prefect, MA **Sep 2024 - Jun 2025**

- Oversaw art department plays, festivals and concerts with over 300 people.
- Tutored 10+ students weekly in open art studios.

Boys and Girls Club in Haverhill, Volunteer **Sep 2022 - Dec 2024**

- Tutored 5+ kids a day with schoolwork and led reading and painting groups.
- Facilitated group athletic activities for 30+ kids.

Projects & Extracurriculars

The Wall, Award Winning Architecture Project **Jun 2024**
Developed and built a working interactive wall to solve social problems.

- Won the Brooks School Robert Lehman Art Prize – best exhibition of the year.
- Received **Scholastic Art Award National Gold Meda**l.
    - **Best in Grade Special Award**, **2** people in each grade out of **300,000** others.
    - Scholastic Awards **2025 Yearbook Cover**.

Turning the Table, Award Winning Radio Podcast **Jun 2026**
Developed a podcast as a part of the Terrascope Radio class commenting the food insecurity problems of Puerto Rico through the lens of different people within the food industry.

- Audio Sampling, Editing, Leading production sessions, and Script writing.
- Developed an extended version after premiered in **National Radio station** to be played as an episode on the **Sprouts: Radio from the Grassroots**.
- Finalist for the Best Special Broadcast award category of the **2026 National Student Production Awards**.
